

EMPLOYMENT OPPORTUNITIES

Manager (M1) Positions

Summary of Responsibilities

While remaining directly connected to a Partner or Director, you take the lead on one or several projects relating directly to the client's needs in one or more of the following areas: innovation, procurement, supply chain or operations.

You lead a team of mobilized consultants, offering your expertise in defining the procedures to take and overseeing the implementation.

You are in charge of all reporting to the client and you secure a strong relationship with the client throughout the entire procedure.

You oversee your team's tasks to ensure that each project is profitable and you call on your superiors in the event that you need assistance in the decision making process.

While taking the lead on the project you also take part in the sales process along with partners by participating in writing proposals and presenting them to prospective parties.

Profile

You have a Bachelor's Degree from an engineering or business school, more than 5 years of operational experience in consulting or in similar fields.

You enjoy working as a team and are able to adapt quickly in order to evolve in various different environments with professionals from other cultures and with different experience.

You have a strong passion for leadership and team coaching combined with successful experiences.

You are a rigorous and conscientious worker with advanced analytical skills. You have the ability to develop excellent relationships with clients and have an entrepreneurial spirit

You are proficient in Microsoft Office.
